Vitality Face-to-Face GP

We understand that there will be cases when a virtual consultation with a GP isn't appropriate.
Face-to-Face GP enables every member to access at least two consultations per plan year from Vitality's network of private GPs in the London area for only £20 per consultation⁴

- 1. Vitality GP is included on all Personal Healthcare, Business Healthcare and Corporate Healthcare plans as part of Core Cover. It is also included on Vitality at Work Business and Vitality Essentials plans. If you're covered by a Vitality at Work Business plan, the Vitality GP will not be able to refer you to a consultant. If you're covered by a Vitality at Work Enterprise plan, you will not have access to any of the Vitality GP services. Members on a Vitality Essentials plan are limited to four consultations per plan year, do not have access to onward referrals, and there is no cover for private prescriptions and minor diagnostic tests.
- 2. You'll need either Apple (iOS 12.0 and above) or Android (6.0 and above). Appointments are available from 0800 2000 Monday Friday and 0800 1600 Saturdays, excluding Sundays and Bank Holidays.
- Subject to the Out-patient Cover option being included in your plan, or if you are covered on a Vitality at Work Business plan.
- 4. Vitality Face-to-Face GP: Personal Healthcare and Business Healthcare members on London Care have unlimited access to Vitality Face-to-Face GP. Corporate Healthcare members, and members on the Local, Countrywide or Consultant Select hospital options, have access to two discounted consultations per plan year.
